A place for learning, caring, sharing and growing together.

31st January 2018

Dear Parents

Ofsted Report 2018

We are delighted to share with you the report from our recent Ofsted Inspection on 17th & 18th January 2018, which has no longer graded our school as in 'special measures' but as 'requiring improvement'. Furthermore, the report recognises the rapid improvement since the previous inspection in July and now grades Early Years, Behaviour & Welfare and Leadership as 'good'.

I am very proud of the efforts of all the staff and governors in embracing the changes that have been implemented in the last six months and in raising the expectations for all our pupils. The inspection report recognises many areas of strength and we now have strong capacity to make further improvements. It is rare for a school to come out of 'special measures' at a first monitoring visit and it is testament to the effort of the whole team in achieving this.

We are grateful for the support of the parent community in trusting the leadership and plans for improvement and will continue to foster this partnership in the future. Our predictions for the KS2 outcomes for 2018 clearly exceed those of the previous two years and we are committed to continuing our journey to secure a 'good' judgement overall at our next inspection. The areas for improvement are already part of our school development plan and our ambition and drive for the school to provide the very best education for all our children going forward will remain.

Kind Regards
Yours sincerely

Vicky Sammon
